Market closing.—In late afternoon the market showed some increase of strength and activity, and there was evidence of the existence of a good sized short interest. Western Union responded to statement of Mr. Wall, in which he stated that unless conditions changed very much for the worse the stockholders are on the eve of a return for their patient waiting. Southern Pacific sold up to 95 and the general list showed fractional gains at the close which was strong and active. Total sales, 355,437 shares.

Opening was quiet and price changes were small except in Canadian Pacific, in which 1,000 shares were dealt in from 212 1/4 to 212 1/2 compared with 212 3/4 at Monday's close. This decline was due to rumors regarding the company's financial health, which caused selling movement both at London and Berlin, but afterward received an official denial. Union Pacific stock was unchanged at 55 1/2. In Reading and Steel there were initial declines of 1-4, but the latter soon recovered its loss. Amalgamated Copper was unchanged at 75 1/2. A new high record was made by Southern Pacific, which opened at 94 1/4, that stock being helped by rumors from Mexico that the government intended to turn the government over to a committee of prominent men to administer the affairs of the country until peace was restored.

At end of first half hour market was dull and a little heavy. Belief prevailed in many places that Monday's advance had been the result of the short interest and that a good-sized reaction was close at hand. Engagement of \$2,000,000 gold for Paris produced little effect, as it is expected that the gold will be used to reduce its discount rate soon and exports of gold would cease to that country. Towards end of first hour market developed better tendency and stocks in general showed more strength. St. Paul gained 7-8 to 104, which is a high price for a 5 per cent. stock. Mexican Petroleum gained 5 points to 62 on the Mexican unconfirmed rumors, and California Petroleum advanced 2-8 to 23 1/2. Stocks were raised about the middle of second hour, but supply was not brought out, and prices soon recovered the fractional declines, but when trading was dull and prices fairly firm.

Close observers of trading in American Can and there has been some selling of that stock for some time back on account of the Government suit.

When the President's message was made public the market acted as if it did not know what to do with it, as most of the effect had been discounted from extracts made public. A small raid caused a fractional setback largely from short selling, but when bears tried to cover prices showed a tendency to rally.

Market for cotton failed to respond to better cables at the start, owing to local and Liverpool selling, but good demand developed following the call. Port receipts to-day, estimated, 55,000 bales. Last week, 62,614; last year, 55,255. In early afternoon prices sagged off on the Memphis report of estimated spinning to Jan. 16. The report shows 122,000 bales spun in first half of January, against 161,525 last year for same period, and total to Jan. 16 as 1,545,000 bales.

Cotton was supported by leading interests. Selling pressure light from profit taking sales and closed strong and steady 3/4 to 4 points up.

New Officers of Merchants' Association.
The Merchants' Association held their annual meeting at their headquarters, No. 233 Broadway, this afternoon. The following directors were re-elected without opposition for three years: Frank R. Chambers, President, Rogers Peet Company; William F. Morgan, President, Brooklyn Bridge Freezing and Cold Storage Company; J. C. McGreevy, G. W. Neville, L. E. Plevan, Gustav Vintehger, Elias D. Webb and William R. Wilcox.

A meeting of the Board of Directors will be called later, when a President will be chosen and other officers for the coming year will be elected.

Battleship Michigan Arrives.
The United States battleship Michigan, after four months in Mexican waters, arrived at New York this afternoon from Vera Cruz. The sailors were confined to shipboard during the stay along the Mexican coast. The Michigan took the fleeing Felix Diaz from Vera Cruz to a steamer bound for Havana.

Physician Tells How To Grow Hair

A Well-Known Physician and Newspaper Correspondent Tells How to Promote the Growth of the Hair.

A well-known physician who has made a careful study of the hair recently made the following statement: "It is comparatively easy to stop the hair from falling out, promote its growth and banish dandruff by the following simple recipe, which can be made at home: To 7 oz. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/4 oz. of glycerine. Apply it to the scalp with the finger tips two or three times per week. It not only is excellent as a scalp and hair tonic, but it darkens faded, streaked, gray hair and makes it soft and glossy. I use it myself and have no hesitancy in recommending it to my patients. These ingredients can be bought at any drug store at very little cost."—Adv.
